HIGH POINTS OF THE ATHENS REGIONAL LIBRARY SERVICE

ANNUAL REPORT FOR 1948

Solid gains to the Athens Regional Library mark the year 1948. The Trustees made a tremendous contribution by pushing ahead with the building. Mr. Wilmer Heery was appointed architect. Plans were advertised in July, and when the bid was \$24000 too high, plans were revised, readvertised, and the contract finally awarded to G. M. Caskey for the low bid of \$35,495.... To reach this bid, the Clarke County Commissioners came to the rescue with an appropriation of \$3000, and Mrs. Wilkins raised \$4000 in contributions. Work on the building began in September, and by December 31, it was about three fourths finished. The public became increasingly enthusiastic as work progressed. On all sides is heard praise for the location and the appearance of the new Main Library.

THE NEW BUILDING COMES TRUE

Although the use of the Main Library (YMCA building) has fallen off in the spring of 1948 from that of 1947 when the bond issue was focusing attention on it, at the end of 1948 circulations showed a gain of 10,725 over 1947, throughout the whole system. Main Library had an increase of 1669. Two of the branches gained 2803, and the bookmobile loans increased by 7206 over 1947... Much of the increase was due to increased attention being paid to work with young people and children. The Vacation Reading Club was publicized more than usual and 245 certificates were awarded. Mrs. Strange joined the staff in September to head the work with children. With the consistent aid given to students there has been a noticeable increase in interest in the Library and realization of its value. Publicity through talks, radio and newspaper has helped. Story hours with Miss Bloomfield continue to be popular.

MORE READING DONE IN 1948

The more books we are able to offer to county school children, the more books are read. Mrs. Hudson, Bookmobile Librarian, reports that the response to the bookmobile service this year has been excellent. "During the summer", she says, "I could especially appreciate how much it means to many people. There was a mother, for

BOOKMOBILE SERVICE POPULAR

example, who walked five miles with her son, once a month, to meet the bookmobile at her old home. She was afraid she couldn't tell us where she lived, and didn't want her child to miss reading; she and her husband could only make an X for a signature.... A teacher in one of the one-teacher schools said the other day: 'You know, I didn't think so much of this Bookmobile idea when the WPA started it, but I don't see how I could teach without it, now!... The larger consolidated schools get around 1000 of our books read each month, not counting those read in the schoolroom and not taken home... Many parents read the books their children bring home... In our service to adults I have noticed a waning of interest in best sellers which are reputed to be daring. More customers want "new, clean books"... Our requests are as varied as the weather, for we are reaching out to people who thought of a library as only a place to get a novel, but by now have discovered that it can be a source of information as well."

Large centers of population need a branch library rather than bookmobile service, which does well for scattered communities. The branches all carried on well this year under experienced custodians and two, Lexington and Bogart showed gains in circulation, even though the Bogart librarian was out a long time with illness... Watkinsville Branch has found a new location into which to move as soon as it is "thrown out" of the present one. The new site is very good. In Dunbar Branch for Negroes in Athens (although it is intended to serve the three counties) the circulation fell somewhat from the excellent 1947 record, due to the fact that teachers did not borrow as heavily for classes. Beginning in January 1949, the Bookmobile will leave deposit collections of lovely new children's books with the rural Negro schools in Clarke and Oconee. The collection is very small, but it is a start. Oglethorpe County did not want to have their Negro schools take responsibility for library books. Our work with Negroes has been neglected, as we have devoted most of our effort to making the service to whites of as good a standard as possible. We should have a full-time Negro professional librarian to assist with this part of the job.

BRANCH
LIBRARIES
FILL NEED

A passion for knowledge is found in only a small percentage of the population, but the Library has a number of borrowers, not just in Athens, who read for the pleasure of learning. A much larger group have a sporadic curiosity, and come to the library for help on quiz programs. Other people have found that

EDUCATIONAL
VALUES
EMPHASIZED

the library's books are a real help with everyday problems, and we get a large number of questions that come up in making a home, raising a family, OR pursuing a hobby. Vocational interests are not represented among users of the library as much as one might expect. There is a plumber who consults books in his field, a bee-keeper who studies everything he can get, a would-be pottery salesman who came for addresses of mold-manufacturers and books of designs, an inventor who wanted to make contacts, and a few others. The Bookmobile staff gets questions from farmers who have not found the county agent's bulletins enough help. But on the whole the business and trade groups are not using our services as much as could be. We need to improve our resources, but we also need to connect with those people in the community who want to better their business through study. For example, we have been trying to promote books on beauty culture in Athens, with small success. Many persons are interested theoretically, but so far few have taken time to study.

Most of the clubs in Athens, and in Clarke, Oconee, and Oglethorpe have shown their interest in the library at some time, but particular attention should be given in this report to those who made

the financial contributions listed in our financial report. Other groups with which we have had close contact, often for mutual service, are the garden clubs, the Girl Scouts, the YMCA, YWCA, PTA, City Recreation Department. The Woman's Club of Crawford rendered invaluable service last summer by running the Crawford Sub-branch with 904 circulation in two months. The Athens Art Association, with Miss Laura Blackshear in charge of arranging it, has held fortnightly shows of Athens artists in the Library.

COOPERATION
OF
GROUPS

Other libraries help us and we help some of them. There is the closest cooperation with the University Library, in answering questions, in exchange of gifts, and in interlibrary loan... We also borrow occasionally from the Carnegie Library of Atlanta and frequently from the State Library Extension... There

RELATIONS
WITH OTHER
LIBRARIES

is a long way to go in cooperation with the school libraries of Athens. Their facilities and ours are still so inadequate that we cannot yet prove the great benefits of close cooperation. When some day they have adequate space, a good collection, and a librarian in each school, and when we shall have achieved plenty of children's books and an adequate service, the school and the public library together will be able to develop really good reading habits among Athens children... The county school libraries have a closer relationship with the public library service, as they are dependent on the Regional Library for credit toward accreditation. Mrs. Strange works closely with the high school librarians and find that the quality of the school library varies with the emphasis given to it in the school. The amount of time and interest which the teacher-librarian spends on the library affects to a surprising amount the student's reading and the value they get from the Bookmobile service.

State aid has been a big factor in the development of library service in 1948. State funds were increased as of July 1 from \$3892.95 to \$6839.45 for the year 1948/49. Up to \$3300 of this amount could be in cash for salaries; the rest was earmarked for books. (See the financial report.)

FINANCES

Unless we get as much support for 1949/50 our budget will have to be slashed. Fortunately we have a balance on January 1, 1949, as we allowed in the budget for expenses involved in moving in 1948. The new quarters will cost much more for upkeep, and we shall require additional equipment and furniture, which we have delayed buying because we hoped to get some in donations. We may need more staff if demands from the public increase as anticipated. We need a new bookmobile... Our income is still below half of the \$1.50 per capita that we need for "minimum service" by national standards. We need county tax rates that will bring in an income of about \$70,000 for the three counties. Since \$70,000 is a pipe dream, we shall still press for state aid. But we should be working for a tax rate for public library support in each of the three counties.

The Athens Public Library will be thirteen years old in March, 1949. The Athens Regional Library, its outgrowth, is eight years old this month. Much has been accomplished in a short time,

THE FUTURE

and if the young institution continues to develop at the rate it has done, it will become a real "community intelligence center", with books, phonograph records, and films available to all the people and used by all to the best advantage.

THE BUILDING

On March 13, 1949, when the new building was formally opened to the public, a dream was fulfilled for the founders of the Library, the Board, and the library staff. To the general public, the transformation of an eye sore into a beautiful public building was the remarkable achievement. To the friends of the library and the library staff, the change from quarters in the YMCA and the County Courthouse basement - quarters that were out of the way, inconvenient, crowded and dark - to space on a busy corner that is convenient, relatively large, bright and beautiful - this was the prime and noteworthy accomplishment. Credit for this big step forward in the library program is due to many, but more to Mrs. Jack Wilkins than to any other one person, as she pushed and guided in turns until the deed was done. The community applauded, because even those who were not interested in a public library as such were glad to see the restoration of an old home into an attractive library that became for many Athenians "a place you like to go into"

The pride of the community in the new library has been evident in many ways. From the opening afternoon when about a thousand persons visited the library, to the end of 1949, visitors came in frequently "just to see the library", accompanied by some one who was proud to show it off. Tangible gifts have been received: money for furniture, for books, and material for the grounds - gravel, seed, shrubbery, the iron fence. The "City Fathers" took the library under their care by doing necessary concrete work.

Even before the contracts for remodelling were signed, the Board and the staff knew the new building would not be big enough for a public library. The decision had been made to go ahead and use the funds available to show Athens what a library could mean to the community, so that they would want to add to it when it was urgently needed. Storage for magazine files and off-season books is still available in the County Courthouse basement.

Space is conserved in the new building by application of rigid standards in book selection. The criterion is usefulness to the citizens of Athens, in fields of knowledge not adequately nor conveniently covered by the University Library.

USE OF THE LIBRARY IN ATHENS

Many new borrowers have come to the library since it was moved, and many new readers now enjoy the facilities of the library for browsing or study. Whereas in the YMCA it was rather unusual to see an Athenian sitting and reading, in the new building there are more Athenians doing just this than there are students.

Circulation of books has increased 48% in 1949 over 1948 from the Athens Library, as total for 1949 was 73,454 as compared with 39,807 in 1948. Of this number 14,082 were juvenile books in 1948, and 31,240 in 1949, an increase of 55%. One naturally draws the conclusion that provision of space and staff for a service enables that service to develop. Readers receiving certificates in the Vacation Reading Club in 1949 numbered 484, and 294 certificates were awarded from the Athens Library alone, as against 67 in 1948.

Reference use of the library has grown along with circulation, with the circulation desk assistant handling the questions with occasional help from Miss Townes. Service in this area could be developed with additional staff, and stress should be given to questions from the business and skilled labor sections of the community. The collection is better developed for home-makers, parents, hobbyists, than it is for technical materials. An effort has been made this year to develop the business collection.

The phonograph record collection, which was begun by the Clarke County P.T.A. Council has not been developed because of lack of time. It should be added to, a system of administration worked out, and publicized. Volunteer help could be used.

The genealogical collection is small, but with the DAR deposit books, and the new bookshelves which they have given to the library, considerable interest is likely to develop in this collection in the coming year, and it could prove valuable to the

La grande...
...
...

...

...

community if family histories could be donated to the library to expand the collection. It will need attention from the director, but volunteer help from the DAR could be used to get the books in order and listed.

The conference room has been used for some small meetings, beside library board meetings. The Visiting Teachers district meeting was held there, as well as a regular study group from the League of Women Voters. The space could be used for civic group meetings more frequently than it has been used, if publicity were given to its availability. Larger groups might use the Children's Room in the evenings, as the drama group of the American Association of University Women met there once and found it pleasant.

BOOKMOBILE SERVICE

Better facilities in two directions aided the bookmobile service in 1949. The space provided in the new headquarters building proved very satisfactory, and much time has been saved by its convenient location and arrangement. The three counties bought a new bookmobile in September, and this has been enjoyed and appreciated. The use of the bookmobile increased from 70,082 in 1948 to 80,898 in 1949. This is an increase of 10,816 or 13%. Of this number 5326 books were circulated to Negro rural schools, a service begun in January 1949 with a tiny collection of new books which have been much enjoyed and exceptionally well taken care of. None have been lost, or even wilfully damaged.

About the same number of children won certificates in the Vacation Reading Club in 1949 as in 1948. This is an area which could be developed with more staff time for extended bookmobile routes during the summer months.

BRANCH LIBRARY SERVICE

Dunbar library in Athens continued to serve the Negro population with partial satisfaction. A full-time, professional librarian is needed to develop the use of the good collection of books which is being accumulated there. The present part-time clerical worker is slowly increasing the number of loans made, but a large group of potential readers are not reached. The Negro Library Advisory Board should be revived, and if possible have a representative on the regular board. The physical conditions of the library have been gradually improved, with lights, new floor covering, paint, and a little new furniture, but more needs to be done. Circulation increased in 1949, as the record is 4483 in 1948 and 5976 in 1949. The number of certificates in the Vacation Reading Club was 20 in 1949 and only - in 1948. The certificates were presented to the children in the schools in October, with a short program of storytelling, and this small effort increased the use of the library.

Watkinsville Library circulated 4912 books in 1949 as compared with 4424 in 1948. It was closed for a short time for moving. With the move from one side of the square to the other, the rent was increased, but the new location is a more desirable one, and the space is larger. New shelves were built.

Bogart library circulated 12,620 books in 1949 as compared with 9395 in 1948. The effect of this branch is evident throughout that end of Oconee County, as the school children make heavy use of the library, and many of them borrow books for their parents or older brothers and sisters. The school has given the librarian increasing cooperation, and the principal plans to remodel a classroom into a library so that there will be more space for classes to make use of the Regional Library facilities.

Lexington Library brightened its quarters this year with new linoleum (a gift from the Woman's Club) and new bookshelves, but the space is still too small, as groups from the school visit the library once a week. The circulation in 1949 was 5898 as compared with 6243 in 1948.

In each of the white branches a systematic method of frequent exchange of books is needed. This will take planning from the central administration, and eager cooperation of the branch librarians, and a little of the time of the bookmobile staff, but it should be done to keep the collections fresh for those branch readers who are too voracious to be content with a small library's offerings.

LIBRARY STAFF

There were no changes on the library staff untill December, when Miss Townes resigned to accept an appointment in the Foreign Service of the U.S. State Department, and Mrs. Eugenia Daughtie Stephens took over as Acting Director on a temporary basis. The entire staff cooperated wholeheartedly in the difficult period of moving into a new building, when Miss Townes' attention was entirely on the headquarters, with almost no time to spare for the branches. The library staff enjoys the new facilities.

A pension plan should be made for the library as soon as possible. There is some hope that the library may be included in the federal social security act, if it is extended this year. As it is, there is no provision for staff pension.

LIBRARY BOARD

At the May meeting Mr. Gunn was elected Vice Chairman of the Regional Library Board, and in September, when Mrs. Wilkins resigned as Chairman to become Chairman Emeritus, he was elected Chairman. The Board has made a signal contribution to the community in 1949 with the new building, the new bookmobile, the improvement of the library grounds, and general physical improvement. They have also supported the library's educational program so steadfastly and wisely that the income for 1950 is probably better assured than it has been for other years. The Board is aware of the library's general needs for more space, more staff, - and of course more money, and believes that with increased use of the library it may be possible to obtain these advantages.

OTHER GIFTS TOWARDS THE NEW LIBRARY

C & S Bank - mahogany table 14' x 10'
 Athens Art Association - plywood for display panels; fine prints
 G.M. Caskey family - built in bookcases
 Boy Scouts and Girl Scouts - help
 Athens Vocational School - making work counter, display rack, etc.
 Orange Crush Bottling Co. - containers for moving
 Coca Cola Bottling Co. - " "
 Benson's Bakery - trash cans
 Georgia Motors - loan of truck
 Athens Seed Co. - Grass seed for lawn
 Hodgson Fertilizer Co. - fertilizer for lawn and labor
 City of Athens - labor on grounds; concrete work
 Dudley Nursery - shrubs
 Adams Aggregate Co. - gravel for driveway
 Roberts Electric Co. - water cooler drinking fountain
 Mrs. E.W. Parks - Studio Couch
 McGregor Co. - Yellow Leather Chair
 University Chevrolet Co. - Typewriter Desk
 Mrs. Chas. Joel - Desk, Chair and Mng Rocker
 W.C. Thurmond - globe
 Clarke Co. PTA Council - phonograph and records
 Athens High School PTA - refinishing table and chairs

Above report AS OF April 30, 1949

Mr. Hodgson reported that the following helped towards the cost of projects that have recently improved the looks of the Library to an amazing extent:

George Tucker made the iron fence at cost (gift about \$75.)

Douglas Welch 10.00

Wilfong Bros. 10.00

Thornton Paper Co. 10.00

Jack Daniel 5.00

Carter Daniel 5.00

H.L. Corneilson 5.00

Garland Hulme (Ocohee St. Filling Station) 10.00

Jack Morris (M.P. Morris Concrete Co.) 5.00

Dan Hill 5.00

Norman Corker 5.00

Julian Cox 5.00

H.L. Cofer - Grass seed for winter grass

City of Athens - Concrete foundation for fence and concrete entrance to driveway

Mr. Hodgson is responsible for getting the library grounds to look as they do at no cost to the library. We hope the Library Board members will take opportunity to thank the individuals who have contributed to the cost of the improvements.

ATHENS REGIONAL LIBRARY
HIGHLIGHTS OF 1950

The Regional Library has continued to grow in influence and prestige in its new location. This is evidenced by the increase in circulation and use of the library. 12,546 more books were taken from the main library during 1950 than were circulated in 1949. And if we compare this with 1948 we find that circulation has more than doubled that year's figure. For the entire region a similar picture is shown with an increase in circulation of 14,359 for 1950 over 1949.

During the year the library has sponsored several attractions for the children. In the Spring a Hobby Fair proved successful. A number of children entered their hobbies and many more reported they would have something to enter when we had the fair in 1951.

The Vacation Reading Club was carried on during the summer. A total of 674 children throughout the region received certificates for their reading. Of this number 296 children received "Gold Star" certificates for having read 25 or more books. Certificates were awarded during Book Week, at which time a party was given for the children. Another activity of Book Week which the children enjoyed was the Puppet Show. This was staged with the aid of the art class at the University and one of the classes at College Ave. Grammar School.

During the year the library's conference room has furnished a meeting place for a number of small groups.

The library placed an exhibit in the Athens Agricultural Fair. Members of the Library Board and Staff acted as hostesses during certain hours of the day.

Our branch at Bogart, which is located in the school, moved to a much more desirable and larger room in the building during the summer. Paint, new shelves and Venetian blinds make it much more attractive than formerly and also has increased the use made of the library.

During the year we had a number of out-of-town visitors. One visitor whom we were delighted to have and who gave us some good suggestions was Mrs. Gretchen Schenk, library authority from Alabama.

In 1950 the library had two staff changes. A new director came in January and a new Children's Librarian came in March.

ANNUAL REPORT NARRATIVE

We, who are connected with the Athens Regional Library, look with pride at our progress during the year 1951. We feel that the services and influences of the library are being extended greatly throughout the area of Clarke, Oconee and Oglethorpe Counties. Our circulation, which is only one of many criteria of Progress has reached 219670 this year. More people are using the main library and its branches than ever before.

This year, as in previous years, the library sponsored a Summer Reading Program. The program centered around the Indian idea with Indian Headbands and feathers used. Over one thousand children were registered and 797 received certificates for their reading. Of this number 318 children were awarded "Gold Star" certificates for having read 25 or more books. In September parties were given throughout the region honoring those who received certificates.

Children's Book Week was observed by the library and ^{on} the highlights of the week was the Puppet Show sponsored by the library and given by Mrs. Dave Paddock. The show proved so popular that a repeat performance had to be given.

Earlier in the year the Annual Children's Hobby Fair was held with many children exhibiting their hobbies in the library. We feel that this annual event creates a desire on the part of some to acquire a hobby and the library wishes to do what it can for the promotion of this idea.

In September the library was chosen as one of six libraries throughout the nation to participate in the American Heritage Project sponsored by the American Library Association. The organization of four discussion groups was the responsibility of the library and its leaders in the program. Readings and films within the framework of our American Heritage are to be used for discussion purposes and the first meetings of the groups are scheduled for January 1952.

Funds for the purchase of books, films, a 16MM projector and a screen were furnished. Response on the part of the public to this program has been good and many invitations have come to the library to present an American Heritage Program at a group meeting. Programs have been given to those organizations requesting it and this served as a wonderful opportunity for public relations and publicity for the library.

Many improvements have been made on the grounds and garden during the year. In March, plantings following a plan as proposed by the Landscape Architecture Department of the University of Ga. were begun. In September, eight beautiful box woods were set out in front of the building. In December the garden was further improved by the construction of a brick wall, brick walks and a pool.

A number of physical improvements have been made in our library quarters. In March the Dunbar Branch was painted and new tables and new chairs were added for both children and adults. In December the outside woodwork of the main library was painted.

With the acquisition of a 16 MM projector and screen from the ALA American Heritage Project, the library has rendered a great deal of Audio-Visual service during the latter part of the year. 18 films are available at the library for showing. These films will be the possession of the library until June 1952 at which time they will be turned over to the American Library Association for use in other libraries. We hope by that time that we may be granted other films for use in our library. Also the library has purchased a film strip projector and plans are being made to purchase some films and slides for use in the schools. A great service can be rendered by the library in being able to furnish Audio-Visual materials to its patrons.

The Staff of the library is to be commended on its faithfulness and cooperation during the year. Each person has a job to do and he does it well. We feel that the final interpretation of the library to the public comes from the staff and those who work with the library have exercised good public relations during this year.

Two changes have been made in staff personnel. Our Children's Librarian resigned and has been replaced by Miss Betty Shouse. Our staff member in Watkinsville passed away and she was succeeded by Mrs. Albert Elder.

To the Members of the Board and supporting agencies of the library we wish to express our appreciation for your fine cooperation and support, and to enlist your continued help for the coming year. We know that with all the groups working together we can continue to have the best library in the State.

ATHENS REGIONAL LIBRARY
Athens, Georgia

HIGHLIGHTS OF 1952

As we complete the year 1952, we look back and review some of the activities we have engaged in during the year for the furtherance of library service in the region.

Of course one of our greatest activities during the year was the promotion of adult discussion groups as a part of the AMERICAN HERITAGE PROGRAM. Groups were organized in Athens at the main library, at the Dunbar (Negro) Branch Library, at Watkinsville and at Lexington. During the year these groups held 44 meetings with a total attendance of 798. A great deal of time and energy was expended by those who worked with the program, and the librarians who were responsible for the promotion of the groups in the branches did a wonderful job. This program has focused attention to the importance of the library in the community. A great number of people have expressed an interest in the program, even tho' they have been unable to attend the discussions. Appreciation is due those who helped with the leading of the discussions. Each of these persons has spent much time to help with the program, and to them we owe a debt of gratitude. Programs presented in the name of the library have been given to 71 groups during 1952, 3,643 persons have been present at these programs.

Our Summer Vacation Reading Club was sponsored jointly by the State Department of Education and the State Forestry Commission. The theme "Keep Georgia Forests Green" was used. Certificates were issued to 647 children. Of this number 332 received Gold Star Certificates for having read 25 or more books. When pine tree planting time came the county agents of the three counties gave Loblolly pines to the children to plant at home. A demonstration of the planting and care of a tree was also given. We feel in this way that we are teaching conservation in a practical manner.

During the week of October 20-25 the library sponsored a booth at the Athens Agricultural Fair.

A Parliamentary Law Clinic under the direction of Robert Stephens, Jr. was held at the library in October.

294 Filmstrips were added to the library holdings during the year. These strips have added greatly in library service to groups and they are proving popular with many teachers and others.

NEWS NOTES FROM THE DIRECTOR

As we review the activities of the Athens Regional Library for 1953, we note with satisfaction the growth of the library during the year. Our circulation figures, which serve as one criterion of our growth, continue to rise and this year we circulated 231,394 books, magazines, pamphlets and filmstrips for home use. Our units of service have grown and we are justly proud of each. Our circulation figure this year is 52,975 above that of last year and is 97,396 above the circulation of 1949, at which time the library headquarters was moved to the new building.

1953 has seen us extend our regional library service to include Madison County. This move made us the second region in the state to serve four counties. We hope our friends in Madison County feel that they have benefited from the consolidation, for our staff has enjoyed working with them in the promotion of library service.

Several changes have taken place in the staff during the year. Three new members have joined the headquarters staff. Mrs. Charles Huff came to us in January to work with the bookmobile. Miss Betty Lipham joined us in March to become Children's Librarian. (Miss Lipham became Mrs. Dorsey Sanders in October) In August Miss June Brice joined the staff as Library Consultant, her principle job being to work with the branches and schools of the region. In February, when Madison County came into the region, Mrs. G.W. Hardman became a member of the staff as the Branch Librarian in charge of the Madison County Library in Danielsville.

The library has engaged in a number of activities during the year. We have continued our Adult Discussion Groups under the American Heritage Program in co-operation with the American Library Association. During the year we have had five library sponsored discussion groups. These have been in the Libraries in Athens, Watkinsville, Bogart, Lexington and Dunbar. Thirty-five meetings were held during the year and 545 persons attended the discussions. Additional film programs were presented to 11 groups with three hundred forty one persons in attendance. The participating librarians have done a wonderful job and the success of the program is, in a very large measure, due to them. Mrs. William Tate accepted the position of Director of the program in September and the discussions are going forward nicely under her direction.

Two different themes were used throughout the region in the Summer Vacation Reading Club. Athens and Watkinsville chose "Space Travel" as their theme, while Danielsville, Lexington, Bogart and Dunbar chose "Travelling With Safety on the Road to Good Reading" as their theme. 722 children completed their required reading and received certificates. Of this number, 357 children received "Gold Star" certificates for reading 25 or more books. Parties were given in each of the libraries for the children receiving certificates.

Another activity of the Children's Department which brought in a number of patrons and created a great deal of interest was the Children's Hobby Show which was held in the library on April 30-May 2. Quite a bit of interest was created by the display of each hobbyist's collection or handicraft.

Several interesting persons have visited us during the year. We had two visiting librarians from Germany as well as one Texas librarian.

With the professional advice and aid of the library consultant, the branch libraries and the school libraries of our region are taking on a "new look". Much work has been done to organize the book collections in the region. Carithers School as well as Ila School have both had their library organized and library lessons have been given to the student assistants.

In October the library sponsored an exhibit at the Athens Agricultural Fair. "Around the World With Books" was the theme of the exhibit.

Children's Book Week was celebrated this year with a program being given each afternoon in the Children's Department.

We would like to call your attention to the number of books added to our collection during the year. 7,667 books represent quite an addition to our holdings. Our book collection has reached the point

[illegible]

1. The first step is to identify the problem or question that needs to be answered. This involves understanding the context and the specific requirements of the task.

that we are able to give good service, and although we do not buy for the scholar doing research work, we still are able to give much assistance to those who come for this purpose. A total of 4,769 books have been mended during this year.

The works of local artists have been exhibited from time to time in the library and these exhibits have created quite a bit of interest among the townspeople.

The library staff is made up of the following members:

ATHENS LIBRARY

Mrs. Della Bone - Circulation Dept.
Mrs. A.S. Bussey - Processing Dept.
Alma R. Hughes - Bookkeeping and Process Dept.
Mrs. Dorsey Sanders - Children's Dept.
Garland Smith - Circulation Dept.

ANNUAL REPORT 1954
REPORT FROM THE DIRECTOR

As we complete the year 1954 we wish to review some of the activities we have engaged in during the past twelve months for the advancement of library service in the city of Athens and in the region.

The Athens Regional Library not only serves the people of Athens, but it is the headquarters library for the region, which is made up of the counties of Clarke, Geauga, Oglethorpe and Madison. The library has five branches. These are located in Watkinsville, Bogart, Danielsville and Lexington. The fifth branch, Dunbar, is the Negro Branch and is located in Athens. Dunbar serves the Negroes of our community. In addition to the branches, the library operates a bookmobile, which serves the four counties of the region.

HOURS OF SERVICE

The Athens City Library operates so that all citizens of the town and region may have access to its splendid collection of books, filmstrips and recordings. From Monday through Friday, library hours are from 9 a.m. to 9 p.m. On Saturday the hours are 9 a.m. to 6 p.m. and Sunday the library is open from 3 p.m. to 6 p.m. The library is open a total of 72 hours per week to the public. We feel that these hours give ample time for all who are interested in receiving service to be able to get it.

The branch libraries are open 15-20 hours per week.

SPECIAL PROGRAMS

VACATION READING CLUB

As part of the Summer Reading Program, the library conducted a very successful Vacation Reading Club. All elementary schools of the region were visited during the month of May to interest the children in reading during the summer and to invite them to come to one of the libraries or to the bookmobile and participate in the Vacation Reading Club. The theme "Hunt Treasure Through Books" was used in the Athens Library and in three of the branches. As each child joined the club he became a "pirate" for the summer. After the completion of a specified number of books each child was given a small symbol indicating his accomplishment. A total of 283 children received certificates. Of this number 448 received "Gold Star" certificates for having read 25 or more books. Parties were given for those who completed the reading requirements soon after the completion of the summer program.

RADIO STORY HOUR

On Radio Station WGAU, the library sponsors a 15 minute Children's Story Hour each Friday afternoon.

LIBRARY STORY HOUR

Each Saturday morning at 10:00 o'clock, a story hour for children is held in the Children's Department in the Athens Library. During the spring and summer months the Ladies Garden Club furnished plants, seeds and flowers for the children to take home, so that they might have gardens of their own.

BOOK WEEK

Book Week was observed by the library from November 14-20. Programs were scheduled each afternoon in the Athens library for the children. These programs featured talks by foreign students who are attending the University and proved so popular that we had an overflow crowd every day.

Book Week Posters were distributed to the school libraries and to the branches of the region.

ART DISPLAYS

The Athens Regional Library in cooperation with the Athens Art Association has sponsored displays of art work by local artists. These displays have created interest in art as well as interest in the library.

EXHIBIT CASES

Local people possessing interesting or unusual articles allowed them to be displayed in the exhibit cases at the entrance to the

themselves but also gave recognition to their owners.

DISCUSSION GROUPS

A number of discussion groups have met in the libraries in Athens, Watkinsville, Lexington and Dunbar. "Our American Heritage and Its Contemporary Application" has been the theme around which the groups chose topics for discussion. Attendance at these group discussions has been good and local participation has been rewarding.

HOBBY TALKS

During the week of April 5-9 four hobby talks were sponsored by the Library in Athens. Interested persons attended these sessions and enthusiasm was sufficient to warrant our sponsoring another hobby talk on November 12. We plan to have other sessions on other hobbies in 1955.

FACTS AND FIGURES

Circulation figures, only one yardstick of a library's effectiveness, continue to rise. The year 1954 shows that a total of 312,812 books, magazines, films, filmstrips and recordings were circulated by the Regional Library. This figure is 31,418 above that of last year's total of 281,394. This is an average of 4.7 pieces of material circulated per person in the region.

During the year 6,705 books were added to the collection. This brings our total book collection to 69,355 books.

The library now owns 1200 filmstrips. This is one of the best filmstrip collections in the state. These filmstrips were circulated 2526 times during the year. It is estimated that 63,150 viewers saw them. Church groups, school groups, and organizations for young people have been the principle users of the filmstrip service.

NEW QUARTERS

During the year the Bogart Branch of the Athens Regional Library has had a new building constructed and it will be ready for occupancy early in 1955. Through the combined efforts of the Oconee County Commissioners, the County School Superintendent, the City Council of Bogart and many interested citizens of Bogart and Oconee County this dream has become a reality. These fine people are to be congratulated on their spirit of cooperation and faithfulness in seeing this project to completion.

NEWS NOTES FROM YOUR DIRECTOR

As 1955 draws to a close, we would like to review some of the highlights of the year in our library program, which serves the counties of Clarke, Oconee, Oglethorpe and Madison.

SPECIAL PROGRAMS

VACATION READING CLUBS

The Summer Reading program for the children of the region was conducted during the months of June, July and August. The Circus idea was used throughout the area. Colorful decorations were used in all of the libraries. Small circus clown caps were given to children reading ten books and circus animals were given when a child had completed reading 25 books.

Approximately 1,200 children joined the several clubs and 816 of these read the required number of books to receive a certificate. Of this number, 444 received a "Gold Star" certificate for having read 25 or more books. Parties at which certificates were awarded, were given by all of the libraries.

BOOK WEEK

Book Week was observed, November 14-19. Special programs were planned and presented at which three foreign students who are attending the university talked to the children. A number of classes from the elementary schools of Athens visited the library during Book Week and were instructed in the use of the library and library materials.

HOBBY TALKS

Several hobby talks have been sponsored during the year. During the week of February 7-11, the following were sponsored in the Children's Department: Sports as Hobbies; Pets as Hobbies; and Wild Animals as Hobbies. On April 27 a program on Coin Collecting As A Hobby, was given.

DAVY CROCKETT DAY

The observance of Davy Crockett Day on May 25th, brought 136 of the small fry into the library. Guest speaker was Mrs. Aileen Wells Parks, author of DAVY CROCKETT, YOUNG RIFLEMAN. A door prize, an autographed copy of Mrs. Park's book, was given to one lucky youngster.

RADIO STORY HOUR

The library in cooperation with Radio Station WGAU and the Speech and Drama Department of the University of Georgia sponsors a 15 minute story hour for the children each Saturday afternoon.

LIBRARY STORY HOUR

Each Saturday morning, from 10:00 to 11:00 A.M. in the Children's Department in the Athens Library a library story hour is held.

DISCUSSION GROUPS

During the year, from January to May, American Heritage discussion groups were sponsored by the libraries in Athens, in Watkinsville and in Bogart. In October, November and December the library cooperated with the Athens League of Women Voters by furnishing a meeting place for the "Freedom Agenda" discussion groups.

Our Library Consultant has worked very closely with the schools of the region during the past year. She has supervised the organization of school libraries in the following schools: Winterville Elementary School, Oglethorpe County Schools, Comer Elementary School and Madison County High School. With a well organized library, the schools are better able to use the materials which they own and also to select suitable materials for purchase.

GIFTS TO THE LIBRARY

FLAGS

Flags of 12 of the United Nations were given to the library on U.N. Day, October 24. Two other flags have been added to the collection, and it is hoped that we will have the complete collection before very long. These flags have circulated a number of times to church and other groups, and we anticipate many requests for the flags from time to time.

1. The purpose of this document is to provide information regarding the security of the system.

2. The information contained herein is for the use of personnel only and should be handled accordingly.

3. It is the policy of the organization to maintain the highest standards of security and confidentiality.

4. All personnel are required to adhere to the security policies and procedures outlined in this document.

5. Any breach of security or unauthorized disclosure of information will be treated as a serious offense.

6. The security of the system is the responsibility of all personnel and must be maintained at all times.

7. Regular security audits and assessments are conducted to ensure the effectiveness of the security measures.

8. All personnel must receive appropriate security training and education to ensure compliance with the policies.

9. The security of the system is a top priority and will be maintained through continuous monitoring and improvement.

BENCHES

Five new cast iron benches were placed in the library garden this year. Two of these benches were given in memory of Mr. Morton Hodgson, past Board Chairman, and three were given by the Junior Ladies Garden Club. This club has taken the garden as its permanent project and has made a number of plantings and improvements during the year.

GRECIAN URN

On March 23, with an appropriate ceremony, a lovely 2,600 year old Grecian Urn was placed in the library by Mayor Wells who had received the Urn from Mr. Terzopoulos of Athens, Greece.

PAINTING AND DISPLAY CASE

In June, the Dunbar Branch Library was the recipient of an oil painting by Robert Frances Hollingsworth, a gift of Mr. Howard Benson. Also a display case was given to this library by the Athens Art Association and Mr. Harry Hodgson.

NEW BUILDING AT BOGART

On March 6, 1955 the lovely new library building of the Bogart Branch Library was officially opened to the public. This library was made possible by the efforts of Bogart citizens and with the cooperation of the Oconee County Board of Education, Oconee County Commissioners and the Town Council of Bogart.

FACTS AND FIGURES

Our circulation for the region has now reached 332,772 books, magazines and pamphlets. This is a circulation of 5 Books per capita. New materials have been added regularly to the library holdings and the book collection now numbers 67,467. Films and filmstrips are an important part of our holdings. These were used 3,772 times during the year and it is estimated that 94,300 persons have viewed these films and filmstrips.

NEEDS FOR THE REGION FOR 1956

As the Regional Library grows year by year, we find that there are two things we should work for in the matter of physical facilities for the coming year.

MORE SPACE

One of our greatest needs is space. Many books are being added to the book collection each month. In the headquarters library in Athens, the bookshelving space has been filled and in the library building there is no more room for expansion. This is an acute need in this library.

The same need is felt in the libraries in Lexington, Danielsville, and Watkinsville. These libraries would receive more books from the Regional Library book collection if shelving space were available.

BOOKMOBILE

Our present bookmobile began operating in 1949. This truck is now 7 years old and should be replaced with a new one. The cost of such a new truck would be very nominal when divided among the four participating counties.

A new bookmobile and more space for the main library and the branches can be secured, if we work toward these goals. Meeting these needs will insure more effective library service in our region.

NEWS NOTES FROM YOUR DIRECTOR

We would like to review some of the activities of the Regional Library for the year 1956.

SPECIAL PROGRAMS

VACATION READING CLUBS

The summer reading program for the children of the region was conducted during the months of June, July and August. "Fishing for Books" was the theme of the program and proved to be quite popular with the youngsters. With the completion of the reading of 25 books a live tropical fish was given to each reader. In the region approximately 1300 children joined the club, at the close of this program, 912 certificates were issued. Of this number, 519 children were given "Gold Star" certificates for having read 25 or more books. A party was held in each of the branches and in Athens for those who completed the required reading.

FRIDAY MORNING CLUB

A new program was begun on November 16. This program, planned for adults with leisure time, meets each Friday at the library from 10:30 until 11:30 a.m. Timely and stimulating talks and films have been given and a number of favorable comments from adults have made about this activity of the library.

BOOK WEEK

Book Week was observed this year from November 25 to December 1. Five programs were planned for the children of this vicinity. These included a musical program, talks by two authors of children's books, a puppet show, a travel talk and a talk on the instruments of the orchestra.

ART DISPLAYS

Many Athens artists displayed their works in the library during the year. This is a very popular activity of the library and is sponsored by the Athens Art Association.

RADIO STORY HOUR

Each Saturday morning over Radio Station WGAU a Children's Story Hour is presented by Mrs. John Earner.

LIBRARY STORY HOUR

From 10:00 a.m. until 11:00 a.m. each Saturday, a Story Hour is held in the Children's Department of the Athens Library.

MATERIALS

FILMSTRIPS

The filmstrips have been cataloged this year and continue to be used by many groups as is evidenced by the circulation figures. It is estimated that 116,275 persons saw the 4651 filmstrips circulated. Church groups, youth organizations and school groups are the principal users of the filmstrip collection which now numbers 2,166 strips. In addition to the filmstrips, twenty-four films were used in the library or circulated to groups. These films were shown to 984 viewers.

FLAGS

Our collection of flags now numbers 18. These have been borrowed a number of times during the year. Civic, church and university groups have been the principal users. Four flags were added in 1956 and we hope to eventually own all flags of the United Nations so that they will be available to the community when they are wanted.

USE OF MATERIALS

Circulation figures reveal that most of the agencies of the library made gains during 1956. However, the total circulation figure is some 9,000 less than in 1955. A study of the circulation figures of the individual distributing agencies reveal that the chief drop in circulation is in the negro schools served by the bookmobile. This we feel is due to the fact that consolidation of the negro schools took place during the year. This consolidation necessitated adjustment to a new situation on the part of the students and teachers and as a result the reading of books lessened considerably. We hope that in 1957 this situation will be improved.

GIFTS

A set of Great Books of the Western World was a gift of the Old Dominion Foundation to the library in January 1956. This 54 volume set is a valuable addition to our collection as it contains many obscure and out-of-print writings.

SCHOOL LIBRARIES

Our library consultant reports that practically all the schools in the region either have or are in the process of organizing libraries. The following schools have made progress in that direction during the past year: Ila, Danielsville, Watkinsville, Oconee County High and Southside. The aim of these school libraries now is to build a well-rounded collection, which will fill the needs of the students and teachers which they serve.

VISITORS

Mrs. Angela Dancu of Palermo, Sicily spent several days visiting the library in September. Mrs. Dancu was studying library practices in the United States and we were glad to have had our library chosen as one for her to visit.

NEW BOOKMOBILE

An order for a new bookmobile was placed with the Gerstonslager Co. in October and we are expecting delivery of the new unit early in 1957. We are deeply indebted to the many board members who worked untiringly to raise the money to pay for this new bookmobile. Also, we wish to express appreciation to the governmental agencies, to the Parent-Teacher organizations and to the schools which contributed to the bookmobile fund. It is through the combined efforts of those in our region that we are able to get a new bookmobile and we are deeply grateful to those who have had a share in making it possible.

NEEDS FOR 1957

As the library continues to grow year by year housing becomes more acute. The lack of adequate space is felt in the Athens library as well as in the Lexington, Danielsville and Watkinsville Branches.

Let us look to the future and work for more adequate space for our libraries.
